Bathroom Collection

June 2026

Bathrooms
designed to inspire,
built to last.

About us

We are Imex, a global leader in manufacturing bathroom products, renowned for our innovative designs and commitment to excellence. With over 100 patents for design innovation, we have been recognised as an award-winning manufacturer.

For over 30 years, we have been dedicated to transforming bathrooms into personal living spaces, providing practical, affordable and lifestyle-focused solutions that cater to the needs of our customers.

Our expertise and knowledge have enabled us to offer a 25 year guarantee on all our sanitaryware products, a testament to their quality and durability.

We opened our Product Design & Research Centre.

2017
Imex UK is established.

Our Bathroom Furniture Production Facility becomes operational.

2008
Our second sanitaryware production facility becomes operational.

2005
Our first European style collection, Arco, is launched.

2003
Our first sanitaryware production facility becomes operational.

1994
Imex established.

Automated manufacturing

We use robots to perfect the casting, glazing and relocation of products. This improves safety conditions for our workers, ensures consistent high quality of products and maximises our efficiency. With this automated technology our facility can produce 3 million pieces per year.

Green factory

At Imex we are always looking to reduce our emissions, energy usage and carbon footprint, doing our bit to help preserve the environment. We utilise green technology such as wastewater treatment, flue-dust collecting systems, solar panels and more.

Quality assurance

Imex's factory has passed certification in ISO9001, ISO14001 & ISO45001, ensuring the highest standards of product manufacturing are maintained for optimal performance and ease of installation.

As part of our commitment to quality, Imex carries out an 8-step inspection process on 100% of our product.

Designed around choice

Our portfolio has been carefully designed to offer a full scope of options for every bathroom. From wastes to freestanding baths, we have the right product for you.

Our furniture comes in a variety of styles, colour finishes and basin options to suit every bathroom design.

Furniture Collections

Quality materials

Our advanced technology combined with E1 grade MDF base material and mono-block design structure means that Imex cabinet bodies are solid and durable.

Perfect finishes

After the unit is cleaned and the protective layers of anti-aging paint are precisely applied by robots, the final finish is smooth, beautiful and easy to clean.

Strong fixings

We only use high quality, stainless steel components and fixings on our cabinets. They have to pass salt fog, anti-rust, durability and load tests.

Beautiful and practical

Our unique, fully opening drawers and internal adjustable bearing plate make arranging your bathroom storage space efficient & simple. Soft close doors/drawers come as standard.

NEW

Our new Luna collection offers a variety of stylish options to suit any bathroom environment.

Smart Living

Smart Toilet

Why buy an Imex Smart Toilet?

Enhanced Comfort: Smart WC's come with features like adjustable water temperature and air-drying, providing a spa-like experience during every use.

Hygiene and Cleanliness: Smart WC's built-in bidet offers self-cleaning options and reduces the need for toilet paper, helping maintain better hygiene effortlessly.

Water Efficiency: Imex Smart WC's are designed to use minimal water per flush, making them environmentally friendly while reducing your water bill.

Convenience and Accessibility: Features like motion sensors and remote control operation, make Smart WC's ideal for those with mobility challenges or anyone seeking greater convenience.

Sleek Aesthetic: Imex Smart WC's are beautifully designed, with minimalist and modern looks that complement upscale bathrooms and enhance the overall atmosphere.

Personalisation: Imex Smart pans allow you to adjust settings such as water pressure and temperature, as well as specific cleaning modes, so you can tailor the experience to your preferences.

Advanced Features: From deodorizers to night lights, our Smart WC's offer high-tech features that add a touch of luxury to your daily routine.

A Smart toilet is not only a functional upgrade but also an investment in comfort, style, and cleanliness.

Discover more

For more information about our smart pan features, as well as installation and user guide videos, visit our website by scanning this QR code.

Designed for those who seek both luxury and convenience, our state-of-the-art Smart pans transform your daily routine into a rejuvenating experience.

Rimless | 2.6/4ltr Flush | Easy Clean Glaze | Comfort Height | Cistern Fittings

Imex sanitaryware Manufactured for life

Rimless design

The Rimless design removes the inner lip of conventional toilet designs to prevent bacteria build up and results in a more hygienic and efficient flush.

Easy cleaning

All Imex sanitaryware features our anti-bacterial, easy clean glaze as standard, which adds a layer of glassy material to the conventional glazed surface, so dirt does not stick.

Comfort height

Our comfort height WC's are a little bit taller than conventional pans and are ideal for those with limited mobility or who simply want a more relaxed experience.

Eco flush

Our 'Eco flush' setting uses just 2.6/4 litres of water, which helps you reduce your water consumption without compromising the effectiveness of the flush.

NEW

New for 2026, our Luna collection is our first with UltraVortex technology. Available in a range of configurations.

Introducing

Luna UltraVortex

UltraVortex is an award-winning new generation of flushing technology, independently developed by Imex.

The UltraVortex flushing system ensures even and efficient control of the water volume and velocity thanks to the 360-degree vortex flow. This ensures quiet, splash-free and low-water flushing, regardless of the water pressure.

The hidden side water outlet integrated into the rimless bowl and the smooth inner bowl without visible transitions allow for thorough and hygienic cleaning.

Our Luna wall hung WC won a prestigious **red dot design award** in 2025, the judging panel stating;

"The Luna toilet combines minimalist aesthetics, high-precision workmanship and sophisticated design in a harmonious concept for modern bathrooms".

reddot design award

Take a closer look at our UltraVortex flush in action!

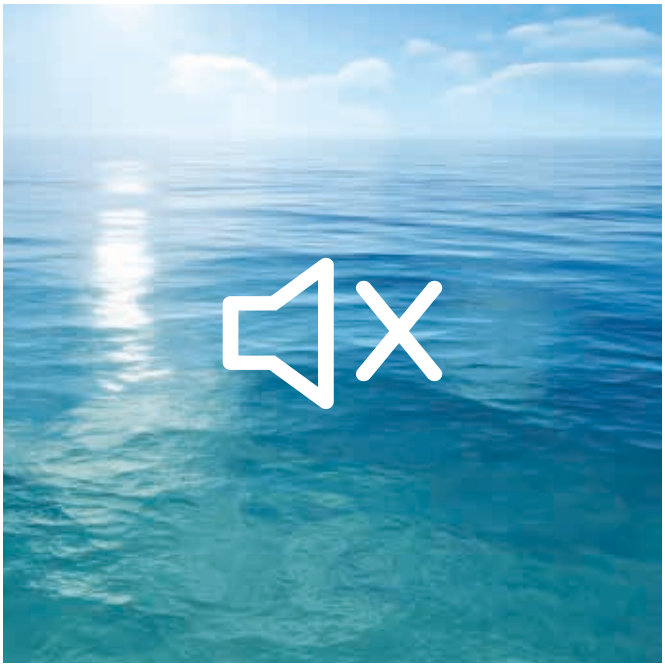

Excellent Performance

UltraVortex is precision engineered using advanced fluid dynamics & centrifugal force to deliver one of the most powerful flushes on the market. Certified to meet worldwide regulations.

Ultimate Cleanliness

After years of rigorous testing & optimisation, we perfected a powerful flush that delivers exceptional performance without over-splashing. Award winning strength & control.

Superb Noise-Reduction Technology

The steady flow of water reduces the noise of flushing, with the UltraVortex sound level measuring only 38dB, which is 20dB less than the noise of most toilet flushes.

A solution for every bathroom

Available in close coupled, wall hung or back to wall format, there is a version of UltraVortex for every bathroom, including a short projection option for smaller suites.

Performance and beauty; Luna has both, combining modern styling with clear lines and our new, sophisticated UltraVortex functionality.

For Luna furniture see page 10.

Bathing

Collection

The Imex bathing collection is meticulously crafted to meet every bathroom requirement. Our baths are manufactured using two proven methods:

- Reinforced
- Super-Reinforced **PREMIERCAST**

Reinforced baths come with a 25 year guarantee and meet the UK's highest quality standards, delivering durability you can trust.

The **PREMIERCAST** range is hand built for a lifetime of use, featuring enhanced structural support, superior finish and added layers of strength.

PREMIERCAST

Strength in every detail

PREMIERCAST by Imex sets the standard in super-reinforced bathing manufacturing.

Where innovation meets endurance. **PREMIERCAST** delivers outstanding durability, structural integrity and dependable performance - ensuring a bathing experience built on true manufacturing excellence.

PREMIERCAST features

1 5mm Cast Acrylic

Precision engineered with clean corners and maximised bathing space.

2 Encapsulated Timber Support

Providing robust, long lasting, structural strength without the need for leg supports.

3 Seven Layers of Reinforcement

7 layers of hand applied core matting fibreglass and resin fully encapsulates the acrylic skin.

4 18mm Encapsulated Baseboard

Full support to the base of the bath offers reassuring strength throughout its lifetime.

5 Colour Matched Panels

Colour matched acrylic with timber reinforced panels complete the bath finish.

PREMIERCAST
LIFETIME GUARANTEE

Regardless of the style chosen, each Imex bath is reinforced with extra rigidity, so the bath will not 'flex' when you step in.

Our advanced manufacturing process means Imex baths can be designed in beautiful, modern, sculptural shapes.

Hand finished in the UK to a high standard, Imex baths are durable, strong and are a reassuringly substantial weight.

The multicore layer design of Premiercast baths offers excellent heat retention, so water stays hotter for longer.

Quadro baths are a bold statement in bathroom design, with a blend of geometric precision and luxurious comfort.

10 YEAR
GUARANTEE

100% solid virgin brass | Easy-Fix plumbing | Quality plating | Anti-scald 38°C stop | Approved valve

Available in 3 fabulous finishes

Chrome | Brushed Brass | Matt Black

All our valves come with an anti-scald 38°C stop for your safety and peace of mind.

Imex valves are WRAS approved and come with a 10 year guarantee, so you can be assured of their quality.

Choose between exposed or concealed shower packs, available in a variety of styles and finishes.

Our smooth hoses are easy to wipe clean, and are available in Chrome, Brushed Brass and Matt Black finishes.

Ravine shower packs seamlessly combine modern style with ergonomic elegance.

10 years on Imex Brassware.
10 years on Imex Cistern Frames.

5 years on Imex Shower Screens.*
* 1 year on shower screen seals

3 years on Imex Cistern Fittings.
3 years on Imex Mirrors.

1 year on Imex Toilet Seats.
1 year on Imex Smart WC's.*
* 2 or 3 years are optional, chargeable extras.

All internal working parts which are subject to normal wear and tear, are covered for 3 years from proof of purchase date (excluding Toilet Seats & Smart WC's).

FAQs

Where can I buy Imex products?

Imex products can be viewed in person at bathroom showrooms, plumbers' merchants & trade counters throughout the United Kingdom. Please contact our sales team who will be happy to suggest a company in your area you can buy through.

How can I contact Imex?

Our dedicated UK based customer support team is available to assist you with any product enquiries or issues, call **01530 835598** (Mon-Fri 8.30 - 17.00).

For sales queries, you can also email **sales@imex.team**

For technical, installation or spares queries, please email our aftersales team at **aftersales@imex.team**

More information on our guarantees and policies, as well as a full set of terms and conditions, can be viewed online at: **www.imex.website**

All products demonstrated in our brochure are for reference purposes only and actual product may differ from the images shown. Imex reserves the right to alter, modify or change any product without prior notice.
